

Horizons Engineering is looking for a New Hampshire Civil Designer who is also a Licensed Subsurface Disposal System Designer to join our team and provide high-quality services to our clients using state-of-the-art equipment. You will be working with a dedicated and diverse team of civil engineers, surveyors, and geologists on a variety of residential, commercial, institutional, energy, and commercial projects. We encourage our employees to cultivate a high level of collaborative thinking through a laid-back and flexible work environment, and we offer our team members competitive pay, outstanding benefits, and opportunities for growth through continuing education and career advancement.

A qualified candidate should have a sound working knowledge of the procedures and practices required in site evaluation with the ability to prepare and submit wastewater disposal and state subdivision plans to local and state agencies for subsurface wastewater system approvals and site plan approvals. We are looking for an enthusiastic and talented individual to become part of our team. The current position is to be located in one of Horizons' New Hampshire locations and has the potential for continued growth and responsibilities for the right motivated person.
