

Licensed Professional Land Surveyor or Surveyor in Training

Horizons Engineering is looking for a Licensed Professional Land Surveyor or Surveyor in Training to join our team and provide high quality surveying services to our clients using state-of-the-art equipment. You will be working with a dedicated and diverse team of civil engineers, surveyors and geologists on a variety of residential, commercial, institutional, energy, and commercial projects. We encourage our employees to cultivate a high level of collaborative thinking through a laid-back and flexible work environment, and we offer our team members competitive pay, outstanding benefits, and opportunities for growth through continuing education and career advancement. We have offices in Maine, Vermont, and Southern and Northern New Hampshire and are always looking for new and creative talent to join our team!

Job Responsibilities

- Project Management of all facets of surveying typical for northern New England
- Manage field crews, and complete field surveying using robotic and GPS RTK instruments
- Create reports and maps according to customer or project requirements
- Prepare engineering basemaps for civil and structural design projects
- Communicate with architects, engineers, geologists etc. in a collaborative effort
- Follow accepted state surveying standards
- Numerous other duties as assigned

Education

- Associates or Bachelor's degree in Surveying or a related engineering field

Qualifications/Requirements

- Ten years' experience as a land surveyor with some Supervisory experience
- Professional Land Surveying license, or Land Surveyor in Training
- Excellent problem-solving skills and understanding of mapping concepts
- Strong time management skills and ability to work outdoors in varied terrain
- Experience with computer drafting programs
- Valid driver's license and clean driving record

Interested candidates should forward a cover letter and resume to:
