

Horizons Engineering Inc. is a reputable mid size Civil and Structural Engineering, Environmental services and Land Surveying firm, that proudly serves New Hampshire, Maine, and Vermont with expertise and dedication. With nine office locations strategically located across the region, we are deeply rooted in our communities and committed to delivering innovative solutions to our clients.

Horizons Engineering has an immediate opening for a **Land Surveyor - SIT** to support our growing team. You will be working with a dedicated and diverse group of civil engineers, geologists, and other surveyors on a variety of residential, commercial, resort, institutional, and energy projects reporting to our **Ossipee, NH office**.

Our staff at Horizons is a close-knit group of hard-working individuals who value client service, design innovation, and a no-nonsense approach. The successful candidate will have a strong work ethic, desire to learn, and interest in working on a wide range of land surveying projects throughout northern New England.

### Essential Job Duties:

- Taking field measurements and stakeout of survey projects in Horizons' areas of operation;
- Boundary surveying, topographical construction surveying/stakeout, Right-of-Way surveying, engineering surveys, land records research, and any other associated tasks with land surveying; and
- Operation of various survey equipment.

### Skills and Qualifications:

- High School Graduate and Associates Degree or 2 years experience preferred;
- Must have NH SIT Certification or actively working toward obtaining NH licensure;
- 0-3 years of professional experience in the practice of land surveying in northern New England or a similar setting preferred;
- Experience with AutoCAD design software including Civil3D a plus;
- Strong technical skills; and
- Ability to complete field work including carrying equipment, cutting traverse lines, and walking undeveloped sites. sampling, well install, product recovery, remedial system O&M, various remedial actions, data evaluation, and report writing
- A valid driver's license and reliable transportation are a must
