

Vermont Professional Land Surveyor

Horizons Engineering, Inc., a regional engineering, surveying and environmental services firm with offices in New Hampshire, Maine and Vermont is seeking a qualified candidate for a Licensed Land Surveyor in the State of Vermont.

The applicant must have a minimum of ten years' experience in performing land surveying tasks including land records research, boundary reconnaissance and field surveying, existing conditions, topographic and construction surveying and all related office computations and computer assisted drafting skills, with a minimum of four years in a supervisory position or as a solo operator providing professional land surveyor services. The applicant should be licensed in Vermont (or an adjoining state with the ability to become licensed within one year in VT) and demonstrate the ability to produce estimates and budgets, prepare contracts and manage surveying staff and projects. A valid driver's license and suitable transportation and capability of working out-of-doors in urban, rural and wooded/mountainous environments is required.

Benefits of the position include:

- Rural work environment and quality of life;
- Diverse projects including residential, commercial, institutional and energy;
- Flexible schedule;
- Competitive salary and medical benefits;
- Paid vacation and sick time;
- Company 401k;
- Continuing education support; and
- Supportive work environment with ample opportunity for career advancement.

Our staff at Horizons Engineering, Inc. is a close-knit group of hard-working individuals that value client service, design innovation, and a no-nonsense approach. The successful candidate will have a strong work ethic, desire to learn, and interest in working on a wide range of surveying projects throughout Vermont.

Interested Candidates should forward a resume and cover letter to:

Human Resource Manager
