

**MOUNTAINSIDE COMMUNITY COOPERATIVE  
WATER DISTRIBUTION SYSTEM REPLACEMENT  
AMERICAN RESCUE PLAN ACT # CD4-25-3277  
CAMDEN, MAINE**

**ADDENDUM #3**

DATE: JUNE 26, 2025  
TO: PLAN HOLDERS

This ADDENDUM #3 shall become part of the Bidding Documents, Contract Documents and Technical Specifications (Documents) for the above referenced project. BIDDERS, please acknowledge receipt of this ADDENDUM #3 on the BID FORM (Page 1). This ADDENDUM #3 consists of 6 pages in total.

1. Technical Specifications for the Mountainside Community Cooperative Water Distribution System Replacement have been revised to reflect the correct Bid Schedule. The Bid Schedule (**Section 00 41 13**) section, Pages 3 through 7 (of 13), in the spec book has been updated, which erroneously reverted bid schedule items to an incorrect numbering sequence in ADDENDUM #2. The intent of this ADDENDUM #3 is to preserve the bid schedule numbering as intended in Addendum #1.

Bid Item #4 now includes seven (7) three (3) Inch Gate Valve Assemblies, pursuant to the additional gate valve added to the project in Addendum #2, Comment #3.

Revised technical specifications accompany this ADDENDUM #3.

2. All updated documents can be found on Horizons Engineering.com, under Projects to Bid.
